Message from the President

This past year has seen the transformation of a building shell to a hospital ready for patients on September 26th. Many of us have had the opportunity to tour the Polson Tower first hand. We have seen enhanced space and how care will be improved as a result of the advancements in medical technology that are now in place in our new Hospital. It is exciting to see how much the new tools will improve the work environment for our hard working health care professionals.

To date we have made a significant donation of $4,122,280 to Interior Health for the purchase of new medical equipment for the tower and more is planned for this current fiscal year. We have worked hard to meet our $7 million goal and I am proud of the accomplishments we have made. As of August 31st the Building a Tower of Care campaign is only short $180,000 to meet that goal. Not all of the money will be available to us for use immediately. Pledges, made by individuals and businesses, will continue to be received over the coming two years.

I am happy to report that though the primary focus of the Foundation has been the Tower of Care Campaign, it has continued to support financial requests from residential, community care and areas of the hospital not destined for the new tower. From 2010-2011 the Foundation has given $553,205 to help fund those requests.

I would be remiss if I did not thank the many donors and sponsors who have made all of this possible. As well, I wish to thank Joanne Kineshanko, Laurie Postill, Paul Nixon and their campaign team for achieving the unimaginable, the largest fund raising campaign in the history of the North Okanagan. To the members of the Board of Directors, the many volunteers and our Foundation staff members, thank you for another successful year.

Greg Mussenden
President

Committee Work

Finance Committee - The Committee meets monthly to review financial issues in respect to the Foundation. The fiscal year 2010-2011 was very good for the Foundation. A successful fundraising campaign has brought the $7 Million goal closer to a reality.

Personnel Committee - This year with the main focus of all of the Foundation’s activity being on the capital campaign, the committee addressed staffing concerning and conducted staff performance reviews.

Public Relations - Community Involvement continued to be a major focus for the year. This included community displays and group presentations.

Key events included:
- Sun FM Radiothon at the Village Green Mall in April
- Do It For Dad Media Launch in May
- Sunshine Festival in June
- Kal Rotary Community Golf Day at VG&G in July
- Promotion and announcements around the 1st Annual Home Hardware VJHF Charity Classic in August.
- Enderby Lions Club in November

- Commemorative Pin was developed celebrating the new Polson Tower
- Production of a greeting card featuring the Polson Tower photographed by Leila Ward
Building A Tower of Care Campaign

The $7 million Campaign has been the focus of much of the Foundation’s work since September 2008, when we set an aggressive goal of $7 million. The good news is that we are nearly there! It was a dream of Vernon Jubilee Hospital Foundation to assist Interior Health in equipping the new Polson Tower with state of the art medical equipment. The building is now a reality. It is spacious and bright; truly a world class healthcare facility. As of August 2011 we have raised just over $6.8 million in donations and pledges for the $7 million Building A Tower of Care Campaign.

Thanks to the generosity of so many people, Polson Tower has new medical equipment it would otherwise not have. Your donations have helped Vernon Jubilee Hospital in so many ways. The new Women’s and Children’s Health Services will have Tele-Health that will enable local physicians to consult with specialists anywhere in the world and it may also reduce trips to BC Children’s Hospital for families with chronically sick children to see their specialists. The new high technology beds in Intensive Care provide more than physical comfort, they will provide enhanced patient monitoring. You have bought high definition monitors and scoping technology for the operating rooms to assist in the diagnosing and treating of cancers or with laparoscopic surgeries. A portable digital X-ray machine for the Trauma Bay will assist doctors in quick assessment of injuries of accident victims brought into the Emergency Department. These are just some of the many pieces of equipment that your donations have supported.

This has been a community effort to make our hospital, Vernon Jubilee, a model of excellence in health care. Help came from so many corners of the North Okanagan. Many third party events were organized by individuals and community groups. They included golf tournaments, concerts, a zumbathon, dances, special dinners and runs.

Many rooms and floors have been named and equipped by a number of individuals, service groups and businesses. Most recently the Surgical floor was named in recognition of George Galbraith’s financial commitment. He has successfully challenged the physicians to meet his annual $50,000 pledge. As well, Variety The Children’s Charity agreed to donate $250,000 to equip the new Nursery and one of the Paediatric Outpatient rooms on the Women’s & Children’s Health Services Floor.

Thank you to everyone who volunteered their help with the Tower of Care Campaign and to the donors who supported Vernon Jubilee Hospital Foundation and its Campaign. What a pleasure it has been to Co-chair the campaign such a successful process. It has been fantastic.

Joanne Kineshanko  Laurie Postill

**Foundation Staff Report**

This past year has been hectic. With the Polson Tower nearing completion, the push to raise the necessary funds to equip it, became the pressing need for everyone connected with the Foundation. The staff worked hard with the campaign team to bring the $7 million goal closer to a reality. Writing proposals, soliciting donations, working with community groups to organize the many events that raised funds for the capital campaign, as well as speaking engagements were all part of the staff’s weekly agendas.

I cannot thank my colleagues, Andrea Egan and Terri Manke, enough for their dedication and commitment to the important work that the Foundation does. With high demands and levels of stress, they continued to work professionally to meet our commitments.

It has been a honour to work with so many people who have shared their knowledge, time and resources to make Vernon Jubilee Hospital an even better place. We will soon see the results when we enter into a new era in health care for people in the North Okanagan. It has been a privilege to have been a part of it.

Sue Beaudry
Director of Development
