FOUNDATION

2012-2013 Annual Report

Our Health... Our Community... Our Foundation

Vernon Jubilee Hospital Foundation is a charitable society that supports health care in the North Okanagan by raising funds for Residential Care Facilities, Community Health Services and Vernon Jubilee Hospital.

YOUR GENEROSITY

Benefits areas of Health Care in the North Okanagan

ACCOUNTABILITY • DONOR RECOGNITION • ETHICAL PRACTICE • PARTNERSHIP • STEWARDSHIP

Vernon Jubilee Hospital Foundation is a charitable society that supports health care in the North Okanagan by raising funds for Residential Care Facilities, Community Health Services and Vernon Jubilee Hospital

ACCOUNTABILITY

It has been another successful year for the Vernon Jubilee Hospital Foundation. IHA in the North Okanagan is always reaching forward to realize a vision of excellence in health care. Our role at

the Foundation is to honour IHA's vision by inspiring and enabling the community to help make this vision a reality.

The Directors of the Board are very proud of the Foundation's accomplishments. Hard work, donors' and community support has enabled us to help make medical care locally even better. Later this fall, with the last of the outstanding pledges coming into the Foundation, we will provide the final \$500,000 installment for the \$7 Million Tower of Care campaign. Over the course of this past year, donors have generously supported the expansion and renovation of the McMurtry-Baerg Cancer Centre. Cancer patients now have access to more privacy with the doubling of the treatment

space. No longer do the physicians fight for examination space. New examination rooms mean that patients can be seen by their doctors in a timely manner.

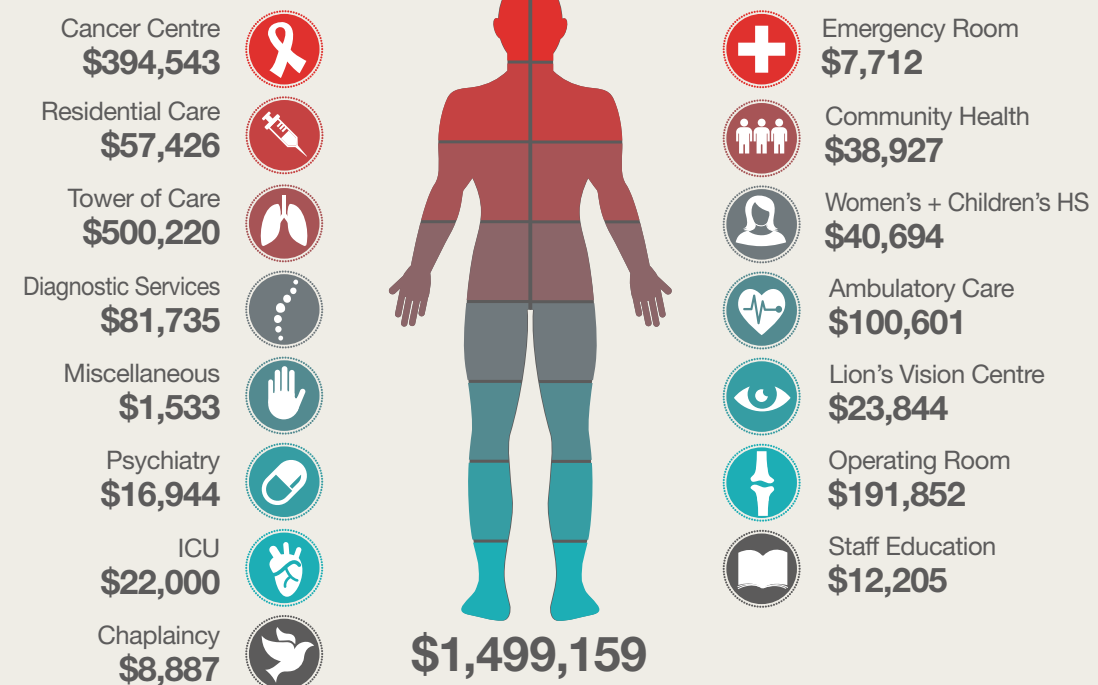

The Foundation launched the Digital Mammography campaign this past summer. Community partners Vernon Bosom Buddies, Wine Women and Woods, Canadian Breast Cancer Foundation BC-Yukon, the Vernon Dragon Boat Festival and Prospera Credit Union are working with the Foundation to bring a digital mammography machine to our hospital in 2015 rather than 2019.

Later this fall, VJH Foundation will be launching the Tower of Care, Phase II \$2.5 Million campaign to provide beds and medical equipment for the 6th and 7th floors of Polson Tower. We are excited about the move from four bed wards to more modern single-double occupancy patient rooms. This will enhance patient privacy and improve infection control for General Medicine and Surgical patients admitted to hospital. With your support, the Foundation will continue to help bring better health care for North Okanagan residents.

DONATIONS AT WORK

MCMURTRY-BAERG CANCER CENTRE RENOVATION AND EXPANSION IS COMPLETE

“You have Cancer” has to be some of the most difficult words for anyone to hear. When Dr. Ed Hardy asked for help in 2011 to improve the situation in the Tom McMurtry & Peter Baerg Cancer Centre, the directors of the Vernon Jubilee Hospital Foundation were delighted to help. The Board committed to covering the full cost of the renovations, and equipment purchases needed to modernize and expand the Cancer Centre.

The project is complete. The beautiful expanded space has brought additional capacity and improved treatment. The \$500,000 funding for this project came exclusively from the generosity of donors and was made possible by ICU being relocated to the Polson Tower expansion.

At the official opening of the Cancer Centre, VJHF President, Greg Mussenden, thanked everyone for joining to the call to

action, by donating to the Tom McMurtry & Peter Baerg Cancer Centre Expansion campaign “we are to be able to support important projects like this one. Together we made it happen.”

NORIC HOUSE RECEIVED DEMENTIA CARE SUPPORT

Millie and Dave Poggemoeller along with Noric House Care Coordinator Patti Pierce, admire the new mural on the doors of the dementia unit at Noric House. The mural is thanks to a family donation in memory of husband and Dad, Bill Poggemoeller. This long-time Vernon family was pleased that the mural featured local views of Kal Lake, Rattle Snake Point and Cosens Bay. The purpose of the mural is to camouflage the door and redirect residents elsewhere. Such a simple thing can result in diminished agitation and frustrations for Dementia residents trying to leave the unit.

REASONS FOR GIVING

Your donations make a difference to patients and residents in the North Okanagan

May 2012

“...It was my first visit to the new “world class” Emergency Department...Vernon residents should consider themselves truly blessed with this new emergency facility...” *HJ Down*

August 2012

“...I would like to take this opportunity to thank everyone in the Intensive and Cardiac Care Unit for the excellent care I had...Because of all of you, I have been given a second chance...” *Patricia Cullion*

November 2012

“Please find enclosed a cheque in memoriam for Wilbert Webb....He was given excellent care on the Surgical floor, as well as superb care in the ICU. Vernon should be proud of its facility.” *Gail Webb*

January 2013

“I was diagnosed with breast cancer...The cancer was found in a very early stage from a mammogram. I was treated with dignity, respect and care from all medical staff involved in my case. Please help light the tree on top of the hospital. There are memories for so many on the tree...” *Fran Johnson*

MAJOR FUNDING PRIORITIES

2013-15

DIGITAL MAMMOGRAPHY MACHINE

Patients don't want to wait until 2019 for Digital Mammography in the North Okanagan, nor can the Hospital wait. Staff regularly struggles to keep aging analogue diagnostic equipment running in order to perform the more than 6700 screening and 3500 diagnostic examinations each year. A commitment from VJHF and its supporting partners: Wine Women and Woods, Vernon Bosom Buddies, Vernon Dragon Boat Festival, and BC Breast Cancer Foundation has resulted in the Take A Picture Digital Mammography Campaign. Our goal is to raise \$428,400, which represents 60% of the total amount needed to bring the new technology to Vernon Jubilee Hospital in 2015.

TOWER OF CARE CAMPAIGN, PHASE II

In February 2013, then Minister of Health Margaret MacDiarmid announced a \$29.6 million project to convert two shelled-in floors into acute care wards. This is a wonderful opportunity for better care for patients admitted to Vernon Jubilee. The total cost for the project is \$29.6 million, with \$21.6 million coming from the Province; \$5.5 million from the Regional Hospital District. Consultation with Interior

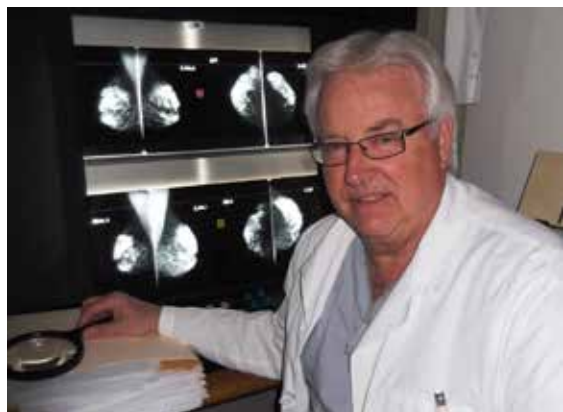

Health, VJHF has agreed to provide \$2.5 million in funding for equipment needs.

Although the campaign has not yet been launched, the Foundation is accepting donations. VJHF Directors have been working to gather a team of volunteers who will assist with raising the funds over the next three years. Plans are to launch the campaign in conjunction with the 2013 Light a Bulb Campaign. All proceeds from this year's Light a Bulb Campaign will be directed to the \$2.5 million commitment.

With the opening of the 6th and 7th shelled in floors of the Polson Tower, patients will see the end to capacity issues. Campaign Co-chair, Dr. Chris Cunningham hopes that "our community will visualize what it will feel like to be a patient in a new hospital room. Imagine recovering in a modern hospital room, with proper privacy, individual bathrooms, space for family members." The move to more single-double occupancy patient rooms will support enhanced patient privacy and improved infection control and should result in speedier recovery for many patients. The inpatient beds will be for patients requiring hospital admission for medical or surgical reasons.

The RFQ (Request for Qualifications) has been completed. Two groups, having the necessary qualifications to complete the job, have been invited to submit an RFP (request for proposal). An awarding of the contract will take place late this year or early next. Construction will begin shortly thereafter. It is anticipated that the new facilities will be in full operations late in 2015.

Recognizing the importance of this health care project to local residents, VJH Foundation is confident that members of the community will generously support these campaigns.

THANK YOU
